Achievement of SDGs in Telangana

Themes focused in Telangana

Out of 9 themes, focus is to the

following 3 themes

- Water sufficient Village
- Clean and Green Village
- Village with Good Governance

Water Sufficient Village (1/5)

- **Mission Bhagiratha** scheme is implemented in all the villages for providing safe and sustainable drinking water to all households
- Under mission Bhagiradha scheme **surface water** from the rivers is tapped to provide the drinking water.
- The water treated and piped water is supplied to all the households in the village.
- 100 LPCD is supplied to all households in the rural areas
- Tap connection is provided to every household
- 10% water in all irrigation sources is reserved for drinking water

Water Sufficient Village(2/5)

- The Project comprises 26 segments in 32 districts
- Stages involved in the entire Water Supply chain
 - ✓ Sourcing water from major rivers or reservoirs fed by these rivers
 - ✓ Purify the raw water in near by Water Treatment Plant
 - \checkmark Pump treated water to the major OHSRs and Sumps at the highest points
 - ✓ Transmit from the highest point through secondary pipeline network to all the habitations by gravity (98%)
 - ✓ Distribute to each household through a modern, rationalised intra village network by providing tap connections to each household

Water Sufficient Village (3/5)

• Under mission Bhagiratha

- Total Population benefitted 2.72 crores
 Rural Habitations covered 23,890
 Total Pipeline Network 1.50 Lakh Kms
 Intake Structures 69 Nos
 Water Treatment Plants(WTPs) 113 Nos
 Major Structures 1708 Nos
- ✓ Village OHSRs 35,260 Nos
- Telangana Drinking Water Supply Corporation Limited (TDWSCL) formed under the chaimanship of Hon'ble Chief Minister
- Mission Bhagiratha is declared as Flagship programme

Water Sufficient Village (4/5)

- Mission Kakatiya Scheme was implemented to restore the irrigation tanks to their full capacity
- 46,531 No of M.I, Small tanks, Percolation tanks, Private Kuntas and Small tanks were identified for restoration
- Activities taken up
 - \checkmark de-silting the tank beds to restore original water storage capacity of tanks.
