## Goal 7: Ensure access to affordable, reliable, sustainable and modern energy for all

Goal 7 aims to improve energy efficiency, increase use of renewable sources and promotion of sustainable and modern energy for all. There are 5 targets under this goal to ensure access to affordable, reliable, sustainable and modern energy for all. A total of 4 indicators have been identified at national level to measure and monitor the progress of these targets and all the 4 indicators have the data.
